

# CALL FOR PAPERS

**ICWEET 2020**  
**Dec 15-16, 2020**  
**Bangkok, Thailand**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWEET 2020 : International Conference on Web Effort Estimation Techniques is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Web Effort Estimation Techniques. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Web effort estimation  
Software effort estimation  
Effort estimation techniques  
Emerging web effort estimation methods  
Expert opinion  
Algorithmic techniques  
Artificial intelligence techniques  
Measuring effort prediction power and accuracy  
Measuring predictive power  
Measuring predictive accuracy

Data validation  
Variables and model selection  
Extraction of effort equation  
Model validation  
Function point method  
Constructive cost model  
Web objects  
Effort estimation of web based applications  
Web effort estimation using classification and regression trees  
Cost estimation techniques for web projects
