

CALL FOR PAPERS

ICAEM 2020
Dec 17-18, 2020
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAEM 2020 : International Conference on Advances in Ergonomics Modeling is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Ergonomics Modeling. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advances in Ergonomics Modeling and Usability Evaluation
Digital Human Models for Ergonomics
Modeling and Simulation
Applications in Human Factors/Ergonomics
Ergonomics Models and Methods
Vision and Visual Displays
Product Design and User Interfaces
Input Devices and Computer Based Systems
Individual and Environmental
Technology Related Issues

Advances in Human Factors and Ergonomics in Healthcare
Advances in Applied Digital Human Modeling
Advances in Cross-Cultural Decision Making
Advances in Cognitive Ergonomics
Advances in Occupational, Social and Organizational Ergonomics
Advances in Human Factors, Ergonomics and Safety in Manufacturing and Service Industries
Advances in Neuroergonomics and Human Factors of Special Populations
