

# CALL FOR PAPERS

**ICCEP 2020**  
**Dec 14-15, 2020**  
**Cairo, Egypt**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEP 2020 : International Conference on Clinical and Experimental Pathology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Clinical and Experimental Pathology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Clinical pathology	Molecular pathology
Comparative clinical pathology	Dermatopathology
Clinical pathology and chemotherapy	Renal pathology and urinary track pathology
Prognostic value and clinical pathology	Oral and maxillofacial pathology
Neuropathology and tumors	Anatomical pathology
Clinical pathology findings in clinical diseases	Surgical pathology
Non-clinical toxicology testing in clinical pathology	Hematopathology
Clinical pathology implications in cancer patients	Pulmonary pathology
Clinical pathology and diagnostic testing	Gastrointestinal and liver pathology
