

# CALL FOR PAPERS

**ICWCB 2020**  
**Dec 17-18, 2020**  
**Kuala Lumpur, Malaysia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWCB 2020 : International Conference on Wildlife Conservation and Biology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wildlife Conservation and Biology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Animal and Conservation Biology  
Animal Behavior, Ecology, and Conservation  
Animal Biology  
Animal Biology and Ecology  
Behavioral Ecology  
Behavioral Ecology and Conservation Biology  
Biodiversity and Conservation  
Biodiversity and Conservation Biology  
Biodiversity and Wildlife  
Conservation Planning  
Biological Diversity and Ecology  
Biology: Ecology, Evolution and Conservation  
Conservation and Ecology  
Conservation and Wildlife Biology

Conservation Biology  
Conservation Biology and Ecology  
Conservation Biology and Wildlife Management  
Conservation Ecology  
Conservation Ecology and Entomology  
Conservation of Wildlife Populations  
Ecological, Zoological, Conservation, and Behavioral Biology  
Ecology and Conservation  
Ecology and Conservation Biology  
Ecology and Conservation Practice  
Ecology and Environmental Biology  
Ecology and Environmental Change  
Ecology and Evolutionary Biology
