

CALL FOR PAPERS

ICAMIS 2020
Dec 10-11, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMIS 2020 : International Conference on Advances in Mathematics, Informatics and Statistics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Mathematics, Informatics and Statistics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Pure Mathematics
Algebra
Analysis
Applied Mathematics
Engineering Mathematics
Computational Mathematics
Mathematics and Multimedia
Number Theory
Probability Theory
Topology and Geometry
Statistics
Differential Equations
Optimization

Operational Research
Actuarial Science
Financial Mathematics
Quality and Productivity
Discrete Mathematics
Numerical Analysis
Mathematical Biology
Software Engineering in Practice
Artificial Intelligence
Data Mining
Decision Support System
Fuzzy Logic
Neural Networks
