

CALL FOR PAPERS

ICAPACC 2020
Dec 10-11, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAPACC 2020 : International Conference on Agroecology in a Polluted Atmosphere and Climate Change is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agroecology in a Polluted Atmosphere and Climate Change. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural systems
Agronomy
Air pollution
Biostimulants
Climate change
Conditioning
Experiments
Food supplies
Modeling
Monitoring
Nitrogen
Ozone

Plant response
Plant-insect interaction
Plants
Priming
Risk assessment
Rice
Urban gardening
Vegetables
Vegetation
Vegetation-atmosphere
interactions
Wheat
Yields
