

CALL FOR PAPERS

ICCIHD 2020
Dec 10-11, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCIHD 2020 : International Conference on Cardiovascular Imaging and Heart Diseases is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cardiovascular Imaging and Heart Diseases. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cardiac surgery nursing
Cardiac care
Cardiovascular nursing
Cardiac registered nursing
Pediatric cardiac nursing
State of the art cardiovascular imaging
Latest advances in cardiovascular imaging
Imaging of coronary atherosclerosis
Coronary catheterization
Echocardiogram

Intravascular ultrasound
Exercise physiology in heart failure
Cardiac pacing strategies in heart failure
Neurohumoral, immunologic and cytokine aspects of heart failure
Pulmonary circulation aspects, pulmonary hypertension
Predictors and markers of heart failure outcome
Beta-blockers and beta-adrenergic receptors in heart failure
Left ventricular hypertrophy and hypertrophic cardiomyopathy
Heart rhythm and miscellaneous cardiology
