

# CALL FOR PAPERS

**ICCMT 2020**  
**Dec 10-11, 2020**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCMT 2020 : International Conference on Control Methods and Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Control Methods and Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Adaptive Control  
Robust Control  
Optimal Control  
Process Control  
Stochastic Systems Control and  
Remote Supervisory Control

Manufacturing Systems Control  
Co-Operative Control  
Predictive, Intelligent and Servo  
Control  
Cooperative, Coordinated and  
Decentralized Control  
Advanced Process Control
