

CALL FOR PAPERS

ICFCFN 2020
Dec 10-11, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFCFN 2020 : International Conference on Fullerene Chemistry and Fullerene Nanowhisker is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Fullerene Chemistry and Fullerene Nanowhisker. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Fullerene
Fullerene nanowhisker (nanorod,
nanowire)
Fullerene nanotube
Fullerene nanosheet

Carbon nanotube
Graphene
Application of fullerenes, carbon
nanotubes and graphene
