

CALL FOR PAPERS

ICGAWs 2020
Dec 10-11, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGAWs 2020 : International Conference on Geolocation and Adaptive Wireless Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Geolocation and Adaptive Wireless Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- Geolocation
- Identification or estimation of the real-world geographic location
- Standards
- Geolocation software
- Technology
- Geolocation database
- Geo-location database techniques
- Data sources
- Privacy
- Applications
- Criminal investigations
- Fraud detection
- Geo marketing

- Regional licensing
- Target content
- Gaming
- Statistical analysis
- Data mining
- Geographic location data
- Wireless geolocation systems
