

CALL FOR PAPERS

ICPMPM 2020
Dec 10-11, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPMPM 2020 : International Conference on Psychophysics, Measurement and Psychophysical Methods is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Psychophysics, Measurement and Psychophysical Methods. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Psychophysics
Psychophysics, mathematics and
measurement
Experimentation in psychophysics
Classical psychophysical methods
Method of limits
Method of constant stimuli

Method of adjustment
Adaptive psychophysical methods
Timing and dynamics of human
performance
Psychophysics of memory
Neural and representational models
Bayesian and maximum-likelihood
procedures
