

CALL FOR PAPERS

ICPTPEFMPC 2020
Dec 10-11, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPTPEFMPC 2020 : International Conference on Progress in Thermal Process Engineering and Flexible and Modular Production Concepts is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Progress in Thermal Process Engineering and Flexible and Modular Production Concepts. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Process Intensification
Process Integration
Energy Efficiency
Resource Efficiency
Modelling

Simulation
Flexible and Modular Production
Concepts
Heat Integration
Optimization
