

CALL FOR PAPERS

ICQPQM 2020
Dec 10-11, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICQPQM 2020 : International Conference on Quantum Probability and Quantum Mechanics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Quantum Probability and Quantum Mechanics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Quantum Probability
Classical Probability Theory
Traditional Quantum Mechanics
Operational Statistics

Amplitudes and Transition
Amplitudes
Generalized Probability Spaces
Probability Manifolds
Discrete Quantum Mechanics
