

CALL FOR PAPERS

ICSHMSHM 2020
Dec 10-11, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSHMSHM 2020 : International Conference on Self-Healing Materials and Self-Healing Metals is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Self-Healing Materials and Self-Healing Metals. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Self-healing materials
Self-healing asphalt
Self-healing ceramics
Self-healing concrete
Self-healing metals

Self-healing polymers and
composites
Smart materials
Self-repair/healable materials
Reversible crosslinks
Application areas: biomedicine,
construction materials, coatings,
composites
