

CALL FOR PAPERS

ICAAC 2020
Dec 10-11, 2020
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAAC 2020 : International Conference on Advances in Analytic Chemistry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Analytic Chemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Analytic chemistry
Qualitative analysis
Quantitative analysis
NMR and mass spectrometry

Electrochemical analysis
Thermal analysis
Separation science
