

CALL FOR PAPERS

ICAMMT 2020
Dec 10-11, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMMT 2020 : International Conference on Applied Microbiology and Microbial Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applied Microbiology and Microbial Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Enzyme and microbial technology
New approaches to enzyme and microbial technology
Microbial engineering for production of chemicals and pharmaceuticals
Recent advances in biochemical techniques
Microbial physiology, metabolism and gene expression

Biocatalysts, synthetic biology and biotechnology
Biotechnological production of new bioactive molecules, biomaterials, biopharmaceuticals, and biofuels
New imaging techniques and biosensors
New biotechnological approaches in genomics, proteomics and metabolomics
Metabolic Engineering, biomolecular engineering and Nanobiotechnology
