

CALL FOR PAPERS

ICIMASM 2020
Dec 10-11, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIMASM 2020 : International Conference on Industrial Multi-Agent Systems for Manufacturing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Industrial Multi-Agent Systems for Manufacturing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Multi-agent systems for manufacturing
Methods for development of industrial multi-agent systems
Multi-agent systems applications in manufacturing systems

Multi-agent systems in production planning and control
Multi-agent systems for production management
Multi-agent for manufacturing systems optimization
