

CALL FOR PAPERS

ICMLDM 2020
Dec 10-11, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMLDM 2020 : International Conference on Molecular Life of Diatoms and Metatranscriptomics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Molecular Life of Diatoms and Metatranscriptomics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biotechnology
Genome editing
Molecular biological oceanography
Genomics
Evolution

Ecology
Adaptation
Metagenomics
Metatranscriptomics
