

# CALL FOR PAPERS

**ICNB 2020**  
**Dec 10-11, 2020**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNB 2020 : International Conference on Nanopharmaceuticals and Bioremediation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nanopharmaceuticals and Bioremediation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nanopharmaceuticals  
Recent advances in  
nanopharmaceuticals  
Drug targeting  
Challenges and advances in  
nanopharmaceuticals  
Future aspects of  
nanopharmaceuticals  
Nanoparticulate systems for oral  
drug delivery to the colon  
Multifunctional magnetic  
nanoparticles for orthopedic and  
biofilm infections

Poly(propyleneimine) dendrimers as  
potential sirna delivery  
nanocarrier: from structure to  
function  
The role of nanotechnology in  
diabetes treatment: current and  
future perspectives  
Nanobiotechnology approaches for  
targeted delivery of pharmaceutics  
and cosmetics ingredients  
Nanocarrier systems in drug  
delivery  
Application of nanoparticles and  
nanocarrier systems in  
pharmaceutics and nanomedicine  
Enhanced tumour-imaging efficacy of  
5-aminolevulinic acid complexed  
with iron oxide nanoparticles
