

CALL FOR PAPERS

ICPMWR 2020
Dec 10-11, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPMWR 2020 : International Conference on Planning and Management of Water Resources is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Planning and Management of Water Resources. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Water Resource Planning and
Management
Water Quality Modelling
Watershed Management
Water Conservation
Geotechnical Engineering
Hydrology
Hydrometeorology

Eco Hydrology
Ground Water
Fluid Mechanics
Remote Sensing and GIS for
Watershed Analysis
Environmental Engineering
Climate Change
Geology
