

# CALL FOR PAPERS

**ICSITIM 2020**  
**Dec 10-11, 2020**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSITIM 2020 : International Conference on Synergistic Integration Technologies for Innovative Mechatronics is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Synergistic Integration Technologies for Innovative Mechatronics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Power Assist and Human Support  
High-Precision Servo Systems  
Wave System and Control  
Advanced Control of Mobile Systems

Systems Energy Conversion and  
Actuation  
Nonlinear Control Systems  
Mathematics and Physics in  
Mechatronics Systems
