

CALL FOR PAPERS

ICACM 2020
Dec 03-04, 2020
Sydney, Australia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACM 2020 : International Conference on Advances in Combinatorial Metallurgy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Combinatorial Metallurgy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Combinatorial metallurgy and processing
Combinatorial alloy design, simulation, analysis and processing
Combinatorial metallurgical synthesis and processing

Combinatorial approaches for the design of metallic alloys
Combinatorial alloy design by laser additive manufacturing
