

CALL FOR PAPERS

ICNP 2020
Dec 03-04, 2020
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNP 2020 : International Conference on Natural Products is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Natural Products. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ethnobotany and ethnopharmacology
of medicinal plants

Advances in spectroscopy for
structure identification of natural
products

Chromatography and separation
science

Discovery of lead compounds for
drug development

Synthesis of bioactive molecules

Computational and
structure-function studies

Biological activities, pharmacology
and toxicology of natural products

Pharmaceutical and medicinal
chemistry

Analysis and development of herbal
products

New technology platforms in natural
product research

Primary and secondary metabolites
as a new source of pharmaceuticals
