

CALL FOR PAPERS

ICBRE 2020
Dec 24-25, 2020
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBRE 2020 : International Conference on Botanical Research and Experiments is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Botanical Research and Experiments. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Botany
Plant cell biology
Biogeography
Conservation biology
Ecophysiology
Evolutionary developmental biology
Population genetics
Genomics, proteomics, and
metabolics
Phylogenomics
Cell structure and function
Epigenetics
Hybrids and hybridization
Molecular ecology and evolution

Pollination biology
Photosynthesis
Biotic stress and abiotic stress
Plant hormones: biosynthesis,
signal transduction, action
Symbioses: plant, animal, and
microbe interactions
Plant pathology
Phytochemicals and phytochemistry
Systematic botany
Economic botany
The teaching of botanyplant
physiology
Plant physiology and plant
biochemistry
Plant pathology and weed science
Crop production and market
analysis
