

# CALL FOR PAPERS

**ICCAUP 2020**  
**Dec 24-25, 2020**  
**Vienna, Austria**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCAUP 2020 : International Conference on Computer-Aided Urban Planning is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer-Aided Urban Planning. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer-aided urban design  
Computer aided urban planning  
Computer aided design and 3d  
visualization technology  
Planning and design as a problem  
solving process  
Optimization in building, housing  
and urban development  
Modeling in urban development for  
optimal design and planning

A software for integrated planning  
and design by optimization in urban  
development  
Integrated computer-aided design by  
optimization  
Computer-aided building/housing  
design by optimization  
Computer-aided planning and design  
of urban built form/planning  
regulations  
Utility/benefits to housing, urban  
development and management  
Urban management and computer  
technologies
