

# CALL FOR PAPERS

**ICCGS 2020**  
**Dec 24-25, 2020**  
**Vienna, Austria**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCGS 2020 : International Conference on Complex Gastrointestinal Surgery is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Complex Gastrointestinal Surgery. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Short bowel syndrome and intestinal failure  
Inflammatory bowel disease  
Gastroesophageal reflux disease and barrett  
Hypospadias and urolithiasis  
Acid related diseases  
GI endoscopy and video capsule endoscopy  
Sphincter sparing surgery for colorectal cancer

Screening and therapeutic colonoscopy  
Minimally invasive surgery - flexible ureterorenoscopy  
Robotic and advanced laparoscopic urologic surgery  
Ureteropyeloscopy and laser lithotripsy  
Percutaneous nephrolithotomy  
Extracorporeal shock wave lithotripsy  
Complex gastrointestinal surgery and its risk factors
