

CALL FOR PAPERS

ICABEA 2021
Jan 21-22, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICABEA 2021 : International Conference on Advances in Biomaterials Engineering and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Biomaterials Engineering and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biomaterials engineering
Biomaterials
Biomaterialization
Self-assembly
Structural hierarchy
Biohybrid artificial organs
Blood-material interactions
Tissue engineering
Regenerative medicine
Biopolymers
Biomaterialization
Joint replacements
Bone plates

Bone cement
Artificial ligaments and tendons
Dental implants for tooth fixation
Blood vessel prostheses
Heart valves
Skin repair devices (artificial tissue)
Cochlear replacements
Contact lenses
Breast implants
Drug delivery mechanisms
Sustainable materials
Vascular grafts
Stents
