

CALL FOR PAPERS

ICAMBA 2021
Jan 21-22, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMBA 2021 : International Conference on Active Magnetic Bearing Actuators is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Active Magnetic Bearing Actuators. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Active magnetic bearings
Inverse magnetics
Design optimization
Power amplifiers

Magnetic losses
Low temperature magnetics
High temperature magnetics
