

CALL FOR PAPERS

ICPEPEA 2021
Jan 14-15, 2021
Bali, Indonesia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPEPEA 2021 : International Conference on Power Semiconductors for Power Electronics Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Power Semiconductors for Power Electronics Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advanced Energy Technologies
Battery and Fuel Cell Technology
Chemical Technology of Monocrystals
Controls and Power Electronics for
Industrial Applications
Distributed Generation Systems
Electric Drives and Equipment
Electric Power Engineering
Electric Power Supply
Electric Power Systems
Electric Power Transmission and
Distribution
Electrical Power Engineering and
System Integration
Electrical Power Systems and
Networks
Electromechanical Plants and
Materials

Electronics and Nanoelectronics
Electronics and Nanotechnology
Energy and Power Engineering
Energy Economics and Energy Policy
Energy Engineering
Energy Storage System and
Technologies
Energy Systems and Power
Engineering
Energy Technology and Power
Engineering
Fuel Cells and Combustion
Heat and Power Process Automation
Industrial Electric Power Supply
Industrial Electronics
Material Science and Materials
Technology
