

CALL FOR PAPERS

ICSMPRD 2021
Jan 14-15, 2021
Bali, Indonesia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSMPRD 2021 : International Conference on Software Maintenance Processes and Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Software Maintenance Processes and Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Software maintenance
Importance of software maintenance
Maintenance management
Software maintenance planning
Software maintenance processes
Categories of maintenance
Maintenance factors
Types of maintenance
Corrective maintenance
Adaptive maintenance
Perfective maintenance
Preventive maintenance

Cost of maintenance
Real-world factors affecting
maintenance cost
Software-end factors affecting
maintenance cost
Identification and tracing
Analysis
Design
Implementation
System testing
Acceptance testing
Delivery
Software re-engineering
