

CALL FOR PAPERS

ICSTBP 2021
Jan 14-15, 2021
Bali, Indonesia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSTBP 2021 : International Conference on Synaptic Transmission, Biochemistry and Pharmacology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Synaptic Transmission, Biochemistry and Pharmacology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Neurotransmitters, receptors, and actions
Membranes and the blood brain barrier
Acetylcholine and Alzheimer's disease
Dopamine, biochemistry and Parkinson's disease
Norepinephrine and epinephrine
Serotonin biochemistry
Melatonin

Glutamate biochemistry
Glutamate: learning and toxicity
GABA
Glycine and histamine
Cannabinoids and adenosine
Peptides
Drug development
