

# CALL FOR PAPERS

**ICMBE 2021**  
**Jan 28-29, 2021**  
**Dubai, UAE**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMBE 2021 : International Conference on Marine Biology and Ecology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Marine Biology and Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biological Marine Sciences  
Climate Change and Global Warming  
Coastal & Marine Resources and the Environment  
Environmental and Marine Resources Management  
Fish Resources and Engineering  
Fish, Wildlife and Marine Resources  
Geological, Environmental, and Marine Sciences  
Geological Sciences and Marine Geology  
Living Marine Resources

Marine and Atmospheric Sciences  
Marine Biology and Biotechnology  
Marine and Coastal Resources Management  
Marine and Electrical Engineering  
Marine Environments and Resources  
Marine Hydrodynamics  
Marine Law and the Regional and International Problems and Difficulties  
Marine Resource Development and Protection  
Marine Resources, Industry & Environment
