

CALL FOR PAPERS

ICFSPN 2021
Jan 28-29, 2021
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFSPN 2021 : International Conference on Food Science and Probiotic Nutrition is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food Science and Probiotic Nutrition. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nutritional disorders and treatment
Nutrition, obesity and diabetes
Nutrition and cancer prevention
Nutrition and cardiovascular health
Public health nutrition
Pediatric nutrition and obesity
Nutrition in women and postmenopausal diet
Balanced diet measures and recommendations
Nutritional physiology and food biochemistry

Probiotic nutrition and enteral nutrition
Genetically modified foods and nutritional supplements
Nutrition in chronic illness
Current research in nutrition and food sciences
Sports nutrition
Role of nutrition in disease prevention
