ICABT 2021
Jan 21-22, 2021
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICABT 2021 : International Conference on Advancements in Biogas Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advancements in Biogas Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biogas science and technology	Biogas upgrading
The production of biogas	Bio-hydrogen
Composition of the extracted biogas	Odour emissions
Generation of electricity and heat	Gas grids
Feeding biogas into the natural gas grid	Energy providers
Small-scale biogas technologies	Power authorities
Industrial waste	Process technology
Municipal organic waste	Pre-treatment
Solid waste management	Hydrolysis
Energy crops	Digestate
Co-digestion	Research and development
Crop science	Technical innovation
Gas technology	Microbiology
