

CALL FOR PAPERS

ICCDIS 2021
Jan 25-26, 2021
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCDIS 2021 : International Conference on Cyber Defense for Information Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cyber Defense for Information Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advanced Networking, Cloud Computing and Cyber Physical Systems	Connected Vehicles
Analysis and Attacks	Crypto Currencies
Architectural and Analytic Integration of Cyber-Physical System Models	Crypto in the Clouds
Cache Attacks on the Cloud	Cryptographic Directions
Challenges and Solutions of Cyber-Physical Systems	Cryptographic Implementations
Challenges for Securing Cyber Physical Systems	Cryptographic Pitfalls
Challenges, Opportunities, and Dimensions of Cyber-Physical Systems	Cryptographic Privacy
Cloud Computing	Cryptography
Cloud Cybersecurity	Cryptography in Real-World Systems
Cloud Security	Cyber Defense and Network Security
Cloud-Based Cyber-Physical Systems and Quality of Services	Cyber Defense Sphere
Cloud-Based Industrial Cyber-Physical Systems	Cyber Intelligence and Information Integration
Computational Intelligence and Security	Cyber Operations in the Maritime Environment
