

CALL FOR PAPERS

ICADSET 2021
Jan 18-19, 2021
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICADSET 2021 : International Conference on Advanced Dairy Science, Engineering and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Dairy Science, Engineering and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Dairy science and technology
Milk history, consumption,
production, and composition
Main characteristics of milk
Milk composition, structure, and
formation
Milk components
Colloidal particles of milk
Milk properties
Microbiology of milk
General aspects of milk processing
Milk for liquid consumption
Cream products
Milk powder

Protein preparations
Fermented milks
Cheese making, manufacture, and
processes
Centrifugation
Homogenization
Concentration process
Cooling and freezing
Membrane processes
Lactic fermentations
Fouling and sanitizing
Packaging
