

CALL FOR PAPERS

ICBEAO 2021
Jan 18-19, 2021
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBEAO 2021 : International Conference on Biomedical Engineering and Artificial Organs is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biomedical Engineering and Artificial Organs. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biomaterials, Cellular and Tissue
Engineering, Artificial Organs
Biomedical Engineering for
Audiology, Ophthalmology, Emergency
and Dental Medicine
Cardiology and Cardiovascular
diseases
Diagnostic and Therapeutic
Instrumentation, Clinical
Engineering
Diagnostic Imaging
Image Processing, Biosignal
Processing, Modelling and
Simulation, Biomechanics
Information and Communication in
Medicine, Telemedicine and
e-Health
Micro- and Nanosystems in Medicine,
Active Implants, Biosensors

Neuroengineering, Neural Systems,
Rehabilitation and Prosthetics
Neurology, Neurosurgery and
Rehabilitation
Oncology
Radiation Oncology
Radiation Protection and Dosimetry,
Biological Effects of Radiation
Radiology and Nuclear medicine
Surgery and Intervention
Surgery, Minimal Invasive
Interventions, Endoscopy and Image
Guided Therapy
