

# CALL FOR PAPERS

**ICBEDS 2021**  
**Jan 18-19, 2021**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBEDS 2021 : International Conference on Biomedical Electronics, Devices and Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biomedical Electronics, Devices and Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biomedical Electronics, Devices and Systems  
Emerging Technologies  
Biomedical Instrumentation  
Biomedical Equipment  
Biomedical Sensors  
Biomedical Metrology  
Health Monitoring Devices  
Low-power Design  
Electrical Bio-impedance  
Bio-electromagnetism  
Biorobotics  
Biocomputing and Biochips  
Implantable Electronics

Wireless Systems and Biotelemetry  
Biomaterials  
MEMS  
Nanotechnologies  
Biomechanical Devices  
Artificial Limbs  
Technologies Evaluation  
Electrocardiography and Heart Monitoring  
Computational Physiology (virtual organs)  
Brain-computer Interfaces  
Spectroscopic Applications  
Imaging and Visualization Devices  
Rehabilitation Technology
