

CALL FOR PAPERS

ICBMBE 2021
Jan 18-19, 2021
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBMBE 2021 : International Conference on Biological Mechanics and Biological Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biological Mechanics and Biological Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biological Mechanics
Biological Solid Mechanics
Biomechanics
Mechanobiology
Organ Tissue Biomechanics
Musculoskeletal System
Aerospace Biodynamics
Oral Biomechanics
Respiratory Biomechanics
Biofluid Mechanics
Clinical Biomechanics
Hearing Mechanics
Orthopedic Biomechanics

Sensing System in Biomechanics
Bird and Insect Aerodynamics
Implant Design and Mechanics
Mechanics of Medical Robotics
Molecular and Cellular Biomechanics
Cardiovascular/Cardiac Mechanics
Rehabilitation Engineering and
Biomechanics
Cardiovascular System Biomechanics
Bioheat Transfer and Mass
Transport, Nano Heat Transfer
Biomechanics and Modeling of Cell
and Molecular
Bio-Microelectromechanical Systems,
Microfluidics
Bio-Nanotechnology and Clinical
Application
Cardiovascular Systems
Physiology/Engineering
