

CALL FOR PAPERS

ICCIAD 2021
Jan 18-19, 2021
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCIAD 2021 : International Conference on Clinical Implantology and Aesthetic Dentistry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Clinical Implantology and Aesthetic Dentistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Clinical Implantology
Dental implant designs and surfaces
Implant inventories and armamentarium
Prosthetic options on implants
Bone density for dental implants
Role of available bone in dental implants
Patient evaluation and treatment planning
Step by step procedure of implant treatment
Immediate implant in extraction socket
Implant overdentures
Implant impressions and prosthetics
Dental implants for periodontally compromised patients

Bone grafting simultaneous with implant placement
Block grafting for dental implants
Ridge splitting for implant placement
Distraction osteogenesis in implantology
Sinus grafting for dental implants
Nasal floor elevation and grafting
Immediate loading using basal implants
Full-arch fixed prosthesis: conventional approach
Full-arch fixed prosthesis: All-on-4/All-on-6 approach
Soft tissue grafting in implantology
Complications and management
