

CALL FOR PAPERS

ICCN 2021
Jan 18-19, 2021
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCN 2021 : International Conference on Ceramics and Nanomaterials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Ceramics and Nanomaterials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advanced Biomaterials, Biodevices
and Biotechnology
Advanced Ceramics: Synthesis,
Properties, and Applications
Advanced Materials Characterization
and Modeling
Advanced Materials for Solar Energy
Conversion
Advances in Surface Science and
Engineering
Carbon-based nanomaterials and
applications
Fundamental Science of Materials

Materials on Biomedical Science
Materials on Energy Science
Materials on Environmental Science
Multidisciplinary Materials
Nonlinear Electric and Optical
Materials, Properties and
Applications
Thin Films and Nanostructures of
Functional Materials
