

CALL FOR PAPERS

ICEEG 2021
Jan 18-19, 2021
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEEG 2021 : International Conference on Environmental and Engineering Geoscience is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environmental and Engineering Geoscience. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Deep Seismic Soundings

Earth Interior

Emerging information technologies,
interoperability and standards:
theory and applications

Engineering Geology

Environmental Geology

Exhumation of Orogenic Belts

Exploration Geophysics

Future of Energy Resources

Geochemistry

Geodynamics

Geographic Information Systems
(GIS)

Geologic Hazards: International

Approaches and Perspectives

Geological Anatomy and

Paleogeographic Evolution

Geological Hazards: Assessment and
Mitigation

Geological Map of the World

Geology of Continental Margins

Geomagnetism

Geomorphology

Geoscience Education

Geosciences for Cultural Heritage

Geosites, Geoparks, Geotourism

Geosphere-Biosphere Interactions

Geotechnologies

History of Geosciences

Hominin Evolution

Hydrogeology
