

CALL FOR PAPERS

ICNGC 2021
Jan 18-19, 2021
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNGC 2021 : International Conference on Nitrogen and Global Change is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nitrogen and Global Change. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nitrogen and Global Change
Climate change
Food security
Energy security

Ecosystems and biodiversity
Human health
Integrating Nitrogen in Science and
Policy
