

CALL FOR PAPERS

ICSHPRLM 2021
Jan 18-19, 2021
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSHPRLM 2021 : International Conference on Safety and Hygiene Practices of Raw Liquid Milk is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Safety and Hygiene Practices of Raw Liquid Milk. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Safety of raw liquid milk
Milk safety and hygiene
Implication of milk in human disease
Risk management strategies
Pre-harvest risk management
Harvest phase risk management
Post-harvest risk management
Microbial hazards in milk
Chemical contaminants and residues
Industrially derived contaminants
Biologically derived contaminants

Pesticides and residues of plant health agrichemicals
Residues of animal remedies
Antimicrobial resistance
Milk quality control and regulation
Milk processing and quality management
Milk processing technologies and safety
Hygiene practices in liquid milk dairies
Pasteurization
Control of microbial contamination
Microbial analysis
Major components analysis
