

CALL FOR PAPERS

ICAMADM 2021
Jan 11-12, 2021
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMADM 2021 : International Conference on Additive Manufacturing for Aerospace and Defence and Materials is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Additive Manufacturing for Aerospace and Defence and Materials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Additive manufacturing
3D printing
Advanced processes
Materials
Aerospace
Defence
Design optimization

Health and safety
Modelling and simulation
Supply chain
Quality assurance and control
Cybersecurity
In-service support
