

# CALL FOR PAPERS

**ICBEEN 2021**  
**Jan 11-12, 2021**  
**Singapore, SG**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBEEN 2021 : International Conference on Biological Ecosystems and Ecological Networks is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biological Ecosystems and Ecological Networks. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biological Ecosystems and  
Ecological Networks  
Population and Landscape Genetics  
Consumer-Resource Systems  
Ecological Food Web Systems  
Bioremediation and Ecological  
Restoration  
Ecological Recycling  
Molecular Tools in Ecology  
Genetic Analysis of Populations

Genetic Variation and Diversity  
Molecular Evolution  
Phylogenetics and Phylogeography  
Molecular Approaches to Behavioral  
Ecology  
Conservation Genetics and Genomics  
Biological Diversity and its  
Ecosystems  
Applied Molecular Ecology  
Microbial Biodegradation,  
Bioremediation and  
Biotransformation
