

CALL FOR PAPERS

ICACECI 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACECI 2021 : International Conference on Advances in Computing, Electronics, Communications and Informatics is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Computing, Electronics, Communications and Informatics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advanced Computing
Artificial Intelligence and Machine Learning
Computer Architecture and VLSI
Computer Graphics, Simulation and Modeling
Data Management, Exploration and Mining
Digital System and Logic Design
Natural Language Processing and Machine Translation
Parallel and Distributed Algorithms
Pattern Recognition and Analysis
Robotics and Machine Vision
Systems and Software Engineering
Computational Intelligence
Nature Inspired Computing

Circuits and Electronics
Analog & Mixed Signal Circuits and Signal Processing
Bioengineering Circuits and Systems
Circuits and Systems for Communications
Digital Circuits and Signal Processing
Emerging Technologies (Nano, MEMS)
Low-Power and Harvesting Technique
Multimedia Systems and Signal Processing
Neural Network Circuits and Systems
Nonlinear Circuits and Systems
Photonic and Optoelectronic Circuits
Sensing and Sensor Networks
