

CALL FOR PAPERS

ICANPC 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICANPC 2021 : International Conference on Advances in Natural Product Chemistry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Natural Product Chemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Natural product chemistry
Advances in natural product chemistry
Natural product chemistry studies and engineering applications
Carbohydrates
Glucose
The structure and configuration of glucose
Anomeric forms of monosaccharides
Glycosides
Disaccharides
Polysaccharides
Lipids
Fatty acids

Soaps and detergents
Fats and oils
Waxes
Phospholipids
Prostaglandins
Terpenes
Steroids
Lipid soluble vitamins
Biosynthetic mechanisms
Proteins and amino acids
A-amino acids
Reactions of amino acids
