

CALL FOR PAPERS

ICATPN 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICATPN 2021 : International Conference on Agricultural Technology and Plant Nutrition is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agricultural Technology and Plant Nutrition. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural biotechnology and plant nutrition
Agro-economical aspects of plant nutrient management
Biological fertilizers and fertilization techniques
Biosystems technology
Developments in fertilizer production sector and fertilizer raw materials
Modern agricultural mechanization and sustainable soil fertility
Modern fertigation and foliar fertilization techniques in plant nutrition

New methods and technologies in fertilization and irrigation
New methods in plant, soil and water analysis
Organic agriculture, good agricultural practices and plant nutrition
Plant nutrient management in soilless culture
Plant nutrition and disease/pest control relationships in plants
Plant nutrition management-soil, water and environmental quality interactions
Plant nutrition strategies in sustaining crop yield, quality and food safety
