

CALL FOR PAPERS

ICBCCBMC 2021
Feb 08-09, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBCCBMC 2021 : International Conference on Bioorganic Chemistry, Chemical Biology and Medicinal Chemistry is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Bioorganic Chemistry, Chemical Biology and Medicinal Chemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Bioorganic chemistry
Organic chemistry-biology
interface
Enzyme catalysis
Biotransformation and enzyme
inhibition
Nucleic acids chemistry
Natural product chemistry

Natural product biosynthesis
Antimicrobial agents
Lipid and peptide chemistry
Biophysical chemistry
Biomimetic chemistry
